

Boise Airport Operations Information 2017 Airfield Construction

Important Boise Airport Operations Information— Taxiway A Construction

Please be advised that the Boise Airport will begin phase 1 of taxiway A construction on July 31 for a 40 day duration; Taxiway A will be closed between taxiway D and M. The map below provides information on the construction area for this phase. Please monitor the BOI PASSUR Communicator site for up to date NOTAMs and construction information. The project has multiple phases and is targeted for completion in mid-November. If you have any questions please contact Airport Operations 24/7 at [208-972-8420](tel:208-972-8420)

Regards,

Boise Airport Operations
