To SIDA and SAAB access media holders:

The Boise Airport has the primary responsibility for maintaining security in the SIDA and sterile areas of the Boise Airport to include establishing and maintaining access control policies and procedures, random credential inspections and a challenge program.

The Boise Airport currently has a requirement directed by 49 CFR §§ 1540,1542 and Security Directive 1542-06-01 to conduct random inspections of individuals and accessible property entering the sterile area at entry points other than the security checkpoint to:

1. Verify that they have the appropriate valid unescorted access media.
2. Determine if they are carrying prohibited items other than those required for operational needs.

49 CFR §1540.107 states that *“No individual may enter a sterile area without submitting to the screening and inspection of his or her person and accessible property in accordance with the procedures being applied to control access to that area.”*

To meet this requirement, the Boise Airport will conduct random inspections of persons and accessible property at access points to the sterile area and SIDA.

CONSENT FOR INSPECTION

Upon receipt of a Boise Airport Sterile Area Access Badge (SAAB) or Security Identification Display Area (SIDA) access media, I understand, acknowledge, and consent to random inspection (both of myself and my property) at sterile area or SIDA entry points or within the sterile area or SIDA.

I have read and understand the above statements and agree to inspection of unescorted access media assigned to me and accessible property.
