

SPILL? ACT NOW!

Boise Airport Spill Response: Quick Action Guide

Report any amount IMMEDIATELY.

AIRPORT OPERATIONS: 208.972.8420

Late or unreported releases may result in a Notice of Violation.

SAFETY FIRST: *Never risk your health or safety to contain a spill. Stop and wait for help if considerations are unsafe or beyond your capability.*

1. CALL OPERATIONS

Report every spill or unplanned release immediately—including fuels, oils, solvents and lavatory blue juice.

2. IDENTIFY & ASSESS

Identify the substance, hazards and safest response. Keep people clear of the area.

3. CONTAIN - ONLY IF SAFE

Wear appropriate PPE; stop the source; use booms, pads or absorbent; protect storm drains and unpaved areas.

4. DOCUMENT & CLEAN UP

Record cause, flow direction, water impact, estimated gallons and time. Collect all soiled material. Airport Operations coordinates ARFF or environmental response when needed.

5. DISPOSE CORRECTLY

The waste generator is responsible. Follow state/federal rules; keep suspected hazardous waste out of BOI trash and in approved, labeled containers.

6. REPORT & RESTOCK

Submit the online Spill Report within 48 hours by scanning QR code. Replace any Airport spill-response supplies used.
